

Ben Harper - When She Believes

Tom: D
Intro: D A Bm G D A

Well The good lord is such a good lord
With such a good mother too
They have blessed me
They have blessed me
In the good graces of you
I have heard a hundred violins crying
And I have seen a hundred white Doves flying
But nothing is as beautiful
As when she believes
when she believes
when she believes
when she believes
when she believes in me

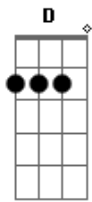

How good it must feel
To be so young and free
And a song that pleases a queen
Will always please me
I have heard the wisest of wisdom
And I have dined in palaces and kingdoms

Refrain

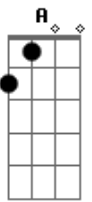

Now all of life
Is just passing the time
Until once again
Your eyes look into mine
I have been adored by a stranger
And I have heard the whispering angel

Refrain
