```
        G          Gb       Ebm     Em
Most days I wake up with a pit in my chest
          D7            G7         C
There are thoughts that I can't put to rest
          Bm              Am    C
There's a worry that I can't place

        G           Gb       Ebm     Em
Most nights, I am restless and quiet won't come
        D7          G7          C
So I lay there and wait for the sun
           Bm                        A7      C
There's a trouble that won't show its face

C              D  Bm                      Em        D
  You came out of nowhere and you cut through all the noise
C                 D   Bm       Ebm       Em  D  Am
  I make sense to the madness when I listen to your vo - o -
oice

G C             Em     D      G  Em
    Darling, only you can ease my mind
C                Em    D       G    | G G |
Help me leave these lonely thoughts behind
              C     Bm              D       Ebm   Em D
When they pull me under, and I can feel my sanity start to
unwind
C           Em    D      G      | C G |
Darling, only you can ease my mind

        G          Gb       Ebm     Em
I'll admit, for a moment I felt so afraid
          D7            G7          C
```

```
Just to show you the mess that I made
           Bm              Am    C
There are pieces I usually hide

        G          Gb       Ebm     Em
But when you collect me with your steady hand
        D7          G7          C
With a language that I understand
          Bm               A7      C
I feel put back together inside

C              D  Bm                      Em        D
  You came out of nowhere and you cut through all the noise
C              D   Bm     Ebm         Em
  I make sense to the madness when I listen to your voice

    C            Em      D       G
Oh Darling, only you can ease my mind
    C            Em      D       G
Oh help me leave these lonely thoughts behind
                       C     Bm            D       Ebm   Em D
When they pull me under, and I can feel my sanity start to
unwind
C            Em    D      G
Darling, only you can ease my mind

C              Em    D       G   Em
Darling, only you can ease my mind
C                Em    D       G    | G G |
Help me leave these lonely thoughts behind
                   C     Bm              Ebm         Em D
When they pull me under, and I can feel my sanity start to
unwind

    Darling, only you
         C Bm Am | C Bm Am | C Bm Am D7 G |
Can ease my mind
