Capostrate na 6ª casa

F
I don't need you to sell me on reasons to want you
F
I don't need you to search for the proof that I should
Am
You don't have to convince me
C
You don't have to be scared you're not enough
Am **C**
?Cause what we've got going is good

F **C**
I don't need more reminders of all that's been broken
F **C**
I don't need you to fix what I'd rather forget
Am **F**
Clear the slate and start over
C **G**
Try to quiet the noises in your head
Am **C** **G**
We can't compete with all that

C
So what if it's us
C
What if it's us and only us
F **Am**
And what came before won't count anymore or matter
G
Can we try that?
C
What if it's you and what if it's me

G
And what if that's all that we need it to be
Dm **Am**
And the rest of the world falls away
G
What do you say?

C **G**
I never thought there'd be someone like you who would want me
C **G**
So I'd give you ten thousand reasons to not let me go
Em **C**
But if you really see me

G **D**
If you like me for me and nothing else
Em **C** **G** **D**
That's all that I wanted for longer than you could possibly know

G
So it can be us, it can be us
G
And only us
C **Em**
And what came before won't count anymore or matter
D
We can try that

G **G**
It's not so impossible
Em **D**
Nobody else but the two of us here
C **C**
?Cause you're saying it's possible
Em **D**
We can just watch the whole world disappear
C **Em** **D** **C** **C** **D**
Til you're the only one I still know how to see
