

# Benee - Glitter

tom:

[Primeira Parte]

Everyone else has left now

I bet that this got you stressed out

Wonderin', what can we do now?

Maybe let it burn out

Where I can't feel my face

Mm, minds twisted in weird ways

Wonderin', what can we do now?

Maybe let it burn out

[Pré-Refrão]

Glitter's sparklin' on your heart now, darling

Won't you stay? (Ooh)

I'm here wonderin' what to say

You're putting me away now

[Refrão]

I know it's getting late now, baby

Maybe you should stay here with me

Let's just make it our own party

Stick together like glitter, glitter, glitter, glitter

( G C Am )

[Segunda Parte]

Race against the sunlight wanna have a long night

Night mysteries, night mysteries

Under spotlight, don't let me out of your sight

Two energies, two energies

[Pré-Refrão]

Glitter's sparklin' on your heart now, darling

Won't you stay? (Ooh)

I'm here wonderin' what to say

You're putting me away now

[Refrão]

I know it's getting late now, baby

Maybe you should stay here with me

Let's just make it our own party

Stick together like glitter, glitter, glitter, glitter

I know it's getting late now, baby (Late now)

Maybe you should stay here with me

Let's just make it our own party (Party)

Stick together like glitter, glitter, glitter, glitter

( G C G C Am )
