Intro: Gb Gb

Gb Gb  
I started driving through the hills, told  
Me to come and get you

No words convey the way it felt for me  
To finally hold you  
Abm Gb Gb  
In my arms just long enough to know  
Gb Gb  
Know every word you're gonna say before

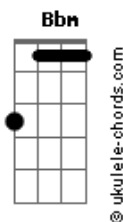

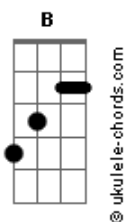

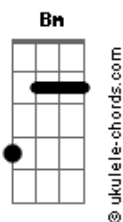

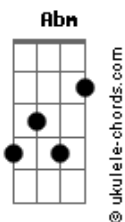

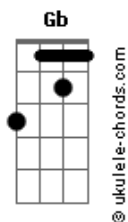

You even think it  
Gb Gb  
But somehow every joke you make is  
Abm  
Funnier each time around  
Gb Gb  
Your laugh is such a perfect sound

[Refrão]

Abm  
These butterflies lived a million lives  
Gb Gb  
To say
