

Bernardo Miranda - Um Amor de Carnaval

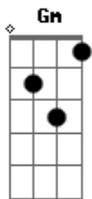

Tom: D

Um amor de carnaval, você e eu encharcados pela chuva
 Boca na boca, pele desnuda...tanto desejo nos acompanhou...
 Feito bola de Cristal, Lua de Jorge, profetizou nossa loucura
 E o mar serenou quando na areia lhe vi nua, Sereia de

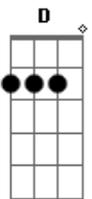

encantos...me encantou

Então me abraça, me envolve em teu beijo...me dá teu sossego,
 pro meu coração...
 Mesmo que as cinzas da quarta seja certeza, na minha vida já
 viraste canção!
 No ileaiê, no ileaiê...meu coração se apaixonou
 No ileaiê, no ileaiê...das ruas de São Salvador
