tom:

[Primeira Parte]

C Dm  
I wake up exhausted, even in the morning  
Em Dm  
Like I'm made out of decaf, I'm barely running  
C Dm  
Oh, and I hate parties, it's too many bodies  
Em Dm  
I don't like small talk, I'm always leaving early

[Refrão]

F7M  
Then I met you and my eyes changed  
Dm C  
And now you're in my eye range, I'm gunning for you  
F7M  
You changed my heart in a big way  
Dm D C  
Now everyday's a celebration and I wanna say  
F7M G  
When you're around, it's already alright  
Am G  
Already alright, like a radio

[Segunda Parte]

C Dm  
And I'm my own person, not like I need protection  
Em Dm  
It's just that I wanna change and go in your direction  
C Dm  
God, you're a laserbeam, you're all my teen dreams  
Em Dm  
And if I knew you in school, you'd be too cool for me
