

Bethel Church - Closer

```
Tom: E
                                                              Pull me a little closer
                                            D )
(com acordes na forma de
Capostraste na 2ª casa
                                                              Take me a little deeper
Intro: G A Bm A (2x)
                                                              I want to know Your heart
     Bm
Your love has ravished my heart
                                                              I want to know Your heart
             D
And taken me over, taken me over
                                                              'Cause Your love is so much sweeter
                                                                                  Bm
And all I want is to be
                                                              Than anything I?ve tasted
            D
With You forever, with You forever
                                                              I want to know Your heart
                                                                                    Em D G (2x)
Refrão:
                                                              I want to know Your heart
Pull me a little closer
                                                              G D A Bm (2x)
Take me a little deeper
                                                              Ponte (6x):
                                                              G D
                                                              Whoa, whoa, how great Your love is for me
I want to know Your heart
I want to know Your heart
                                                              Whoa, whoa, how great is Your love
                                                              G D A Bm (4x)
'Cause Your love is so much sweeter
                   Bm
                                                              Refrão:
Than anything I?ve tasted
                   G
                                                              Pull me a little closer
I want to know Your heart
                    D (Na metade do compasso, passar para a
                                                              Take me a little deeper
Re-Intro)
I want to know Your heart
                                                              I want to know Your heart
Re-Intro: G A Bm A
                                                              I want to know Your heart
     Bm
Your love has ravished my heart
                                                              'Cause Your love is so much stronger
       D G
                                                                                  Bm
                                                              Than anything I?ve tasted
And taken me over, taken me over
                                                              I want to know Your heart
And all I want is to be
           D
                                                              I want to know Your heart
With You forever, with You forever
                                                              (D A Bm G)
