

Better Beware - Midnight Falls

Tom: G

G
Midnight falls, monsters come out of their shelves

Bm Em
Hiding behind funny masks, no one knows their lying selves

G Em
Heads up, be this, be that no one knows my pain (no one, no one knows your pain)

Bm
You should do this, should do that, fake diamonds, fake smiley friends

G
I feel like I'm talking and I'm breathing and I'm reaching on another side-ide

Bm
Like a caterpillar trap inside a casket dreaming about a butterfly

G
But you are the one, the one for me

Em
The only one that hears me on the other side
Pull me back into the sky

Bm
When I'm with you I don't have to change (everything stays the same)

G Em

Midnight falls, monsters come out of their shelves

Bm Em
Hiding behind funny masks, no one knows their lying selves (2x)

[Melanie Martinez]
Em G
Don't be this, everybody's trying to be fit into a mold

Bm
Alice in the wonderland woke up, she's waking up
You got me and you fade it out my soul

Em
And you gotta raise your voice y'all
Raise your voice

G
Get it up get it up

Bm
Life is a rollercoaster once you get in to the motion
Set all free coz you are loosing all the fun

Em G
Walking, talking, breathing, reaching on the other side

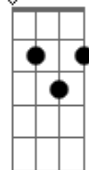

Em G
Waking, dreaming, beeing myself I must try reach the other side

Bm Em
I'm hidden too long in the shadows and dead inside

Bm Em
Dr. Evil cut it wings coz he knew that a day I could fly
