

# Beyoncé - Plastic Off The Sofa

tom:

**E**

Boy, I know that you can't help it but be yourself **B**

'Round me, yourself 'round me, no  
**E** And I know nobody's perfect, so I'll let you be  
**B** I'll let you be

**E** It's the way you wear your emotion on both of your sleeves, ah  
**B** To the face you make when I tell you I have to leave, ooh

**E** But I like it, baby, ooh  
**B** I like it, baby  
**E** But I like it, baby, baby  
**B** But I like it, baby

**E** Ah, we don't need the world's acceptance  
**B** They're too hard on me, they're too hard on you, boy  
**E** I'll always be your secret weapon in your arsenal, your arsenal  
**E** And I know you had it rough growing up but that's okay  
**Gb7** (that's okay, baby), i like it rough (that's okay, baby)  
**E** Even when you let your feelings get in the way  
**Gb7** (let your feelings get in the way)  
**E** I still like it, baby  
**B** Ooh, I like it, baby (like it, baby)  
**E** But I like it, baby (like it, baby)

Baby, baby (like it, baby)  
**B** I still like it, baby, baby, baby, baby

**E** **E** **Bb** **B**  
Say, say you won't change  
**E** I love the little things that make you, you  
**E** **Gb7** **B**

Ooh, the rest of the world is strange

Just stay in our lane  
**E** Just you and me and our family **Gb7**  
**B** I think you're so cool, even though I'm cooler than you

**E** Boy, I love that you can't help it but be yourself **B**

Around me, yourself around me  
**E** Sugar, well, you trippin',

I know we'll make up and make love  
**B** So I let you be, I let you be  
**E** It's the way you listen when I'm cryin', you let me lean in **B**  
**E** It's the way you want one more kiss after you said you are leaving **Gb7**  
**E** But I like it, baby, baby **B**

(yes, I like it, baby, yes, I like it, baby)  
**B** Yes, I like it, baby (like it, baby)

Like it (like it), i like it  
**E** I love it, baby  
**B** I like it, baby  
**E** I like it, I love it, baby  
**B** I like it, baby

Yeah, I like it, oh, like it, I like it, yeah  
**E** I like it, baby  
**B** I like it, baby

Now, I like it, baby

Baby, come on over

Ooh, like it, baby

And I need you, baby

Baby
