

Beyoncé - Rocket

Tom: **C**

Let me sit this ass on you
Show you how I feel

Let me take this off
Will you watch me?

Yes mass appeal
Don't take your eyes

Don't take your eyes off it
Watch it, babe
If you like you can touch it, baby
Do you, do you wanna touch it, baby?

Grab ahold,
Don't let go

Let me know
That you ready
I just wanna show you now

Slow it down

Go around
You rock hard

I rock steady

And rock right up to the side of my mountain
Climb until you reach my peak, babe, the peak, babe, the peak

And reach right into the bottom of my fountain
I wanna play in your deep, babe, the deep, babe, the deep

Then dip me under where you can feel my river flow and flow
Hold me 'til I scream for air to breathe

Don't wash me over until my well runs dry
Send all your sins all over me, babe, me, babe, me

Rocket 'til waterfalls

Rocket 'til waterfalls

Rocket 'til waterfalls

Bathe in these waterfalls

Acordes
