Being alone always made me scared

G

Makes me think who I am

Never the dark, the absence of light

G

Makes it's own way

G

I told you to go, you don't have to stay

G

I screwed enough for today

G

But when I'm hurting

C

I push you away

Em C

But you keep staying

G

When I'm hurting

C

I push you away

Em. C

But you keep staying

G

Please, stay

I push you away
