

Bia Marques - I Miss Your Touch

tom:

Intro: Dm G7 C Am A7

I miss your touch
I miss your smile

But I know we need to be apart for a while
Oh baby, I
Feel like we are
Meant to be
Can?t you see?

I wake up in the morning
My bed is so cold
Without you by my side
Without your hug
And I?m trying to do something nice
Just to make you smile
So I took my guitar for a while
And I put love in this song
Oh, darling
I hope you like it
I hope to see you soon

I miss your touch
I miss your smile

But I know we need to be apart for a while
Oh baby, I
Feel like we are

Meant to be
Can?t you see?
I wake up in the morning
My bed is so cold
Without you by my side
Without your hug
And I?m trying to do something nice
Just to make you smile
So I took my guitar for a while
And I put love in this song
Oh, darling
I hope you like it
I hope to see you soon

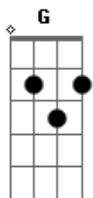

I miss your touch
I miss your smile

But I know we need to be apart for a while
Oh baby, I
Feel like we are
meant to be
Can?t you see?

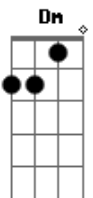

I miss your touch
I miss your smile

But I know we need to be apart for a while
Oh baby, I
Feel like we are
Meant to be
Can?t you see?
