

Big Mouth - Everybody Bleeds

	tom:	From time to time
Bb		So let flow
When the ovum first descends	Fm Bb	Friendships fall apart
It is expelled		And leave a shameful stain
And it's expelled with the uterine lining	Fm	On the white pants of your heart
And the flow		And everybody bleeds
And the menstrual flow begins	Fm	Like your insides are exploding
Out the vagina		Everybody bleeds
Out the vagina it all comes sliding	Fm	Life's all heartaches, cramps and bloating
No, no you're not alone		Everybody bleeds
Cause everybody bleeds
