

Big Time Rush - Blow Your Speakers

Tom: C

So hop in your ride
 Roll the windows down
 Cause tonight's your night,
 Get lost in the sound
 Gotta crank the music loud
 Baby blow your speakers out (Your speakers out)

Verso 1:

Under the strobin lights
 Feel the rhythm the rhythm
 And it'll get you right
 Sweat it all out of your system
 You gotta free your mind
 Let yourself unwind
 Cause it's your night night night
 So get it right right right come on

Can you feel it (inside)
 It likes to go for (a ride)
 I know you need it
 I can see it in your eyes

Refrão:

So hop in your ride
 Roll the windows down
 Cause tonight's your night,
 Get lost in the sound
 Gotta crank the music loud
 Baby blow your speakers out (Your speakers out)
 (Refrão 2x)

I know you feel the heat
 I see you feeling the fire

Don't worry bout a thing
 Fulfill your every desire
 The DJ's playing your song
 So now you can't go home
 Cause it's your night night night
 So do it right right right come on

Can you feel it (inside)
 It likes to go for (a ride)
 I know you need it
 I can see it in your eyes

So hop in your ride
 Roll the windows down
 Cause tonight's your night,
 Get lost in the sound
 Gotta crank the music loud
 Baby blow your speakers out (Your speakers out)

(Refrão 2x)
 (Em Bm Dbm Am)

Let me hear you say
 This parties never over no, no, no
 Let me hear you say
