

Big Time Rush - Music Sounds Better With You

Tom: C

I tried to write this down, the words just dont come out
 Its hard to say how you feel
 Been down the longest road, said yes when I meant no
 I lost control of the wheel

Cause you know that things get so bad, youve got my back
 Make me wanna sing, and girl Ill sing about ya
 No sweeter sound, than what Ive found
 No perfect love could be more perfect than us
 Oohh baby, it feels like, it feels like
 Music sounds better with you
 Baby, it feels right, It feels right
 Everythings better with you

I used to think that love
 Was something fools made up
 Cause all I knew was heartbreak
 Oh, I couldn't help myself
 Let this heart go through hell
 There's only so much a heart can take

Cause you know that
 Things get so bad
 You've got my back
 Make me wanna sing
 And girl I'll sing about you
 No sweeter sound than what I've found
 No perfect love could be more perfect than us

Oooo baby
 It feels like
 It feels like
 The music sounds better with you

Baby
 It feels right
 It feels right
 Everything's better with you

Every song
 Every rhyme
 Every word
 Music sounds better with you
 Every day (every day)
 All of the time (All of the time)
 Every way
 Music sound better with you

She's my music enhancer
 When the music plays she's my dancer
 When I'm around her everything's faster
 Every question I have she's the answer
 I'm head over heels
 Can't explain that this all so real
 When I'm around you baby you make me feel like
 Everything's better with you

Oooo baby
 It feels like
 It feels like
 The music sounds better with you

It feels right
 It feels right
 Everything's better with you

Oooo baby
 It feels like
 It feels like
 The music sounds better with you

Baby
 It feels right
 It feels right
 Everything's better with you

The music sounds better with you
 The music sounds better with you
