**Em**  
When everyday feels like the other

**C**  
And you're a face without a name

Pré-Refrão:  
**Am**  
Maybe now is our best chance (best chance)  
To finally get it right (get it right)  
Cause if the world is an apple (oh yeah)  
Then it's time to take a bite

**G**  
Someday it'll come together  
**D**  
Someday we will work it out  
**Em** **C**  
I know, we can turn it up all the way  
**C** **G**  
Cause this is our Someday  
(**G**)  
Is what we make it  
**D**  
Someday is right here and now  
**Em**  
Why wait, why wait, why wait?  
**C**  
Cause this is our someday

(Intro)  
Verso 2:  
**Em**  
We all have times, times we wonder  
**C**  
Will the spotlight shine on me?  
**Em**  
Don't let waves go and pull us under  
**C**  
We'll miss the opportunity (oh oh)  
**Am**  
Don't look down or look back (look back)  
It's not that far to go  
Cause if we never trap it  
**C**  
We will never really know

(Refrão)

Ponte:  
**D** **Em**  
Oh, no  
**C** **G**  
I don't have all the answers  
**D** **Em**  
But there is one thing  
**C** **G**  
I know for sure, yeah!  
**D** **Em**  
One is good  
**C** **G**  
But four is better  
**Am**  
It took some time to get here  
**C**  
But it's better late than never!
