

# Big Time Rush - We Are

Tom: A

Thinking, we don't wanna get caught up in overthinking  
 We've only got tonight  
 Moments, we gotta keep on living for these moments  
 'Cause this is our time

Life's too short to sit and wait  
 For luck to come our way  
 Light it up like fireworks  
 I wanna hear you say

We are, we are  
 We are alive  
 And we are the light that's shining down  
 We are, we are  
 We are the reckless  
 You can hear us drowning out the sound  
 We are, we are  
 Young and dumb  
 Always chasing something  
 We are, we are  
 Hearts like drums  
 You can hear us coming  
 We are, we are

Chances, you know there's nothing wrong with taking chances  
 We put it on the line  
 Oh, someday, I know we're gonna be somebody someday  
 Only gotta try

Life's too short to sit and wait  
 For luck to come our way  
 Light it up like fireworks

I wanna hear you say

We are, we are  
 We are alive  
 And we are the light that's shining down  
 We are, we are  
 We are the reckless  
 You can hear us drowning out the sound  
 We are, we are  
 Young and dumb  
 Always chasing something  
 We are, we are  
 Hearts like drums  
 You can hear us coming  
 We are, we are

Oh oh ooh oh oh ooh oh oh  
 Oh oh ooh oh

We are, we are (x4)

We are, we are  
 We are alive  
 And we are the light that's shining down  
 We are, we are  
 We are the reckless  
 You can hear us drowning out the sound  
 We are, we are  
 Young and dumb  
 Always chasing something  
 We are, we are  
 Hearts like drums  
 You can hear us coming  
 We are, we are
