

Billie Eilish - Hotline Bling

tom:

Dm

You used to call me on my cell phone

Am

Late night when you need my love

Dm

Call me on my cell phone

Am N.C.

Late night when you need my love

Dm

And I know when that hotline bling

Am

That can only mean one thing

Dm

I know when that hotline bling

Am

That can only mean one thing

'Cause ever since I left the city, you

Am

Got a reputation for yourself now

Dm

Everybody knows and I feel left out

Am

Girl, you got me down, you got me stressed out

N.C.

'Cause ever since I left the city, you

Am

Started wearing less and goin' out more

Dm

Glasses of champagne out on the dance floor

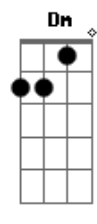

Am

Hangin' with some girls I've never seen before

'Cause ever since I left the city
