G
What if it happened to you

On a different day?
On a bridge where there wasn't
A rail in the way?

G
Or a neighborhood street

Where the little kids play?
Or the Angeles Crest
In the snow or the rain?

G
What if you weren't alone?
There were kids in the car
What if you were remote?
No one knows where you are

G
If you changed anything
Would you not have survived?
You're alive, you're alive

C
You're alive

[Refrão Final]
