No regrets

**D**

**G**

**G**

**Em**

So now our happy romance ended suddenly

**C**

**D**

Still in my heart you'll be forever mine

No regrets

Because somebody new looks good to you

No regrets

Sweetheart no matter what you say or do

I know our love will linger

When the other love forgets

So I say goodbye with no regrets

No regrets

Because somebody new looks good to you

No regrets

Sweetheart no matter what you say or do

I know our love will linger

When the other love forgets

So I say goodbye with no regrets
