

Billy Currington - She's Got a Way With Me

Tom: **G**
 It's a **A** gentle touch, but more than enough
 She can stop this ole world from spinnin' too much
 It's a **A** natural thing and I do believe
E I found my reason to be

(Chorus)
 She's got a way with me
 She's got a way with me
A I'm not the same man, since she's been around
E There's more to this life, I've suddenly found
A I look at myself now so differently
E It's her love that brings me peace
 (Chorus)

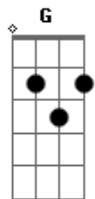

She's got a **A** way with me
E

She's got a way with me
 Whatever it is, I'll always be under her spell **C**
 She'll always be all I'll ever need **D**
 I could search the whole world **Em**
 And I know I'd never find **C**
 Someone perfect as her for me **D** **G**
A Suddenly it's something, you just cant live without
 Oh, you know you found love, beyond any doubt **E**
 With a simple man's words, I can never convey **A**
E All that I feel when I say

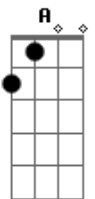

(Chorus)
 She's got a way with me **A**
 She's got a way with me **E**

Outro: A, E
