

Billy Currington - That's Just Me

Tom: **F**

(com acordes na forma de **D**)
Capotraste na 3ª casa
Capo 3

D
I prefer the fiddle to the violin
Em
And I tend to think that supermodels are too thin
G **A**
And I think who you are is who you oughtta be
D
But that's just me

The best of Andy Griffith was in black and white
Fishin' still beats workin' if you never get a bite
And coffee's kinda pointless without caffeine
But that's just me

Chorus:
Em **D** **G** **A** **D**
And I believe in little that I hear and only half of what I

see
Em **D** **G** **A**
And I believe that living by the book is harder than it used
to be
D
And I'm convinced that lovin' you
Gbm **G** **D**
Is gonna be the secret to my longevity but that's just me

I've never seen a place that I like more than home
When I go to the movies, I don't take a telephone
And I'll buy the gas, but oughtta get the air for free
But that's just me

I've never even been to mars, but I'm a man
And I accept the fact that women are just hard to understand
I think people take themselves too seriously
But that's just me

Repeat Chorus

Hey, that's just me
That's just me
