

Biquini Cavadão - Overkill

Tom: G

D **A**
I can't get to sleep
C **G**
I think about the implications
D **A**
Of diving in too deep
C **G**
And possibly the complications

D **A**
Especially at night
C **G**
I worry over situations
D **A**
I know will be alright
C **G**
Perhaps it's just imagination

Bm **A**
Day after day it reappears
Bm
Night after night my heartbeat
G **A**
shows the fear
Gb **G** **A**
Ghosts appear and fade away

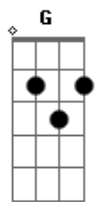

D **A**
Alone between the sheets
C **G**
Only brings exasperation
D **A**
It's time to walk the streets
C **G**
Smell the desperation
D **A**
At least there's pretty lights
C **G**
And though there's little variation
D **A**
It nullifies the night

C **G**
From overkill
Bm **A**
Day after day it reappears
Bm
Night after night my heartbeat
G **A**
shows the fear
Gb **G**
Ghosts appear and fade away
A
Come back another day

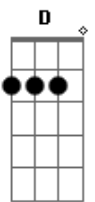

D **A**
I can't get to sleep
C **G**
I think about the implications
D **A**
Of diving in too deep
C **G**
And possibly the complications
D **A**
Especially at night
C **G**
I worry over situations
D **A**
I know will be alright
C **G**
It's just overkill

Bm **A**
Day after day it reappears
Bm
Night after night my heartbeat
G **A**
shows the fear
Gb **G**
Ghosts appear and fade away
Gb **G**
Ghosts appear and fade away
Gb **G**
Ghosts appear and fade away
