Birdy - Heart Of Gold

Tom: G 'Cause nothing is changed С I can be strong when I want to be, G And I want to be free You think I'm weak 'cause you can tear me apart When my heart is made from gold C G with the words that you speak And forgiveness seems too bold C You think you're in control D As to find it in my heart Em But you don't understand how much you're wrong To say "I love you" You choose to lash out at me, I've done nothing wrong Fm When my heart is made from gold D All you crave is attention and just to belong And the hunt is just too bold You need to belong D As to find it in my heart To say "I love you" And I want to be free Em When my heart is made from gold C For you have to be so mean And forgiveness seems too bold You're such a drama queen D The way you play on every weakness that you see in me As to find it in my heart D To make you strong, knew all along C To say "I love you" So don't pretend like you can hardly breathe Em When my heart is made from gold Like it's down to me And the hunt is just too bold 'Cause it's so unfair that you can't see that you're so wrong D D As to find it in my heart We're still so young To say "I love you" And I want to be free Em Is there not enough to use your love for me When my heart is made from gold Fm D To get past the things because you envy and hate And forgiveness seems too bold D And the fires that they breathe As to find it in my heart To say "I love you" To say "I looked on the small" Fm Fm Can't understand why you don't have it all When my heart is made from gold But you don't know how to fight for your "believe in your And the hunt is just too bold aims" D As to find it in my heart Fm D I just wanna do right by you, forget what has changed To say "I love you"
