Enjoy!
 "It's Oh So Quiet"(Hanslang/Reisfeld)
 Intro: (some type of woodwind transcribed for guitar)-

Ohio about two months ago. All I figured out was the woodwind solo that chords in the near future but this should be enough for simply playing along with the record. Just supply power chords or something for the rest. Be inventive. If you are able to figure out more of this song or any other

want to play it again. After the second time comes the verse which goes something like this:
 "quiet...shhh...shhhhh. It's oh so still,etc."
 "You're all..."

"alone..."

"...until."
