

# Black Jack (Rock N' Roll) - Celebrate Love

tom:  
Intro: E A G  
Ooh Yeah  
Oh I was feeling down  
Thinking I'm useless to this world  
Then I saw a man laughing loud  
He was smiling to me-he said  
Just keep doing the good things to people  
It doesn't matter what they'll do or say

[Pré-Refrão]

'Cause you just need to break the cycle  
Stop the vengeance  
And stop the hate

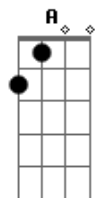

[Refrão]

And I don't need a reason to party  
Let's celebrate love, faith was restored  
And if you need a friend, count on me and then  
Let's do it! Just sing this song with me

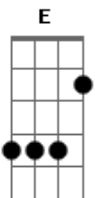

[Segunda Parte]

Just keep doing the good things to people (aaha)  
It doesn't matter what they'll do or say  
'Cause you just need to break the cycles  
Stop the vengeance  
And for sure they'll judge you  
They don't know what's in your heart  
Did you hear the breaking news  
Lets show them who you are
