

# Black Lab - This Night

tom:  
 G  
 There are things I have done  
 There's a place I have gone  
 There's a beast and I let it run  
 Now it's running my way  
 There are things I regret  
 You can't forgive you can't forget  
 There's a gift that you sent  
 You sent it my way  
 So take this night  
 Wrap it around me like a sheet  
 I know I'm not forgiven  
 But I need a place to sleep  
 So take this night

Lay me down on the street  
 I know I'm not forgiven  
 But I hope that I'll be given some peace  
 There's a game that I played  
 There are rules I had to break  
 There's mistakes that I made but I made them my way  
 So take this night  
 And wrap it around me like a sheet  
 I know I'm not forgiven  
 But I need a place to sleep  
 So take this night  
 And lay me down on the street  
 I know I'm not forgiven  
 But I hope that I'll be given some peace  
 Some peace, some peace
