Black Label Society - The Last Goodbye

Tom: E

And instead of Gbm play C#m7, but I am not sure of that.

Tuning: Standerd

I am not sure but I think they play the intro under the whole solo, or intro and the verse.

This is an piano song, so I tried to put the piano chords, to guitar chords. And there
an solo.
Intro:

Solo:

Verse
Drums come in

This is not the correct thing but it indicates what notes you must play

Then you here the base come in (still in verse)

Solo:

    Verse   / Chorus starts here   \   Some fast picking here

            \   /

Then everything again.

Last time
    1X   1X

Play the intro 2X when the drums thingie is going on.

Acordes
