

Black Pool - Baby, Please?

Tom: G

Recently I've suddenly ponder
 Spend my nights awake and I wonder
 What I could've done in another way
 In another way to make you stay
 So mama tells me I shouldn't bother
 That I should just stick to another girl
 A girl that surely deserves me
 But I think you do
 So baby, please don't go
 Baby, please don't go
 You're a freak, You're a goon

My mama told me not to hang out
 With girls like you
 You're bad news, Baby
 You got holes in your jeans
 And rips in your skirts
 And you walk around like you ought to be
 On the cover of the magazines
 Baby, please don't go
 Baby, please don't go
 Baby, please don't go
 Baby, please don't go
 So Baby, please don't go
 Baby, please don't go
