I've got a song on my heart, baby
She keeps me grooving, steady grooving
Got a lover on my mind
That keeps me wanting, steady wanting more

There's a fire, call the fireman
If you're in pain, baby, call a doctor
Don't be afraid to say "I need you"
I will understand

Baby love, pretty woman
Walking down the way
If you get tired use your soul power
And you'll find the way

[Refrão]

And if there's a fire, call the fireman
If you're in pain, baby, call the doctor
Don't be afraid to say "I need you"
