We sail, through endless skies

Stars shine like eyes

The black night sighs

The moon, in silver dreams

Pours down in beams

Light of the night

The earth, a purple blaze

Of sapphire haze

In orbital ways

While down, below the trees

bathed in cool breeze

Silver starlight

Breaks down from night !!!!!!!4" slide in 1st measure]

% : eighth-note rest

r : "return" of bend

====: hold tone thru count (legato arpeggio)

: occasional variations at this point (listen to recording)
