

Black Sabbath - The Dark/Zero The Hero

Tom: **E**

Guitar Transcription by Dave Ruginski Jr

I have made little attempt at showing timing in my TAB notation. You'll have to listen to the song for correct timing.

The song is basically made up of four guitar parts. The first and second are Riff A, one is palm muted, the other is not. If I remember correctly, Riff **B** is not palm muted. The last guitar part is stuck on the

end of Riff **B** before returning to Riff A.

Riff **A**

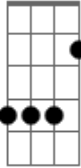

Riff **B**

Riff **C**

Any corrections, additions (like the solo) or whatever are welcomed.
