

Black Witch - When Everyone Left To Die

tom:
Eb

Em
Don't follow me, just make a question at me
Can I believe? All songs is over, I see
Looking your mind, fink a smell for seven sins
In the cage or free? Holy water running in me

A Bb Em
When everyone left to die

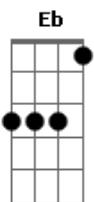

Em
My body is dirt, born with a dusty hands
Sludge heart is falling, burning at old pain
Why your mouth stinks? There's a lot to dirt in it?
But is there no cure? Can someone help me here

A Bb Em
When everyone left to die, life steel my side
A Bb Em
When everyone left to die

Em
Never cry for things, never wait for anything
Never cry for things, the lords don't know about it

A Bb Em
When everyone left to die, life steel my side
A Bb Em
When everyone left to die, life steel my side
A Bb Em
When everyone left to die, life steel my side
A Bb Em
When everyone left to die
