

Blackfield - Cloudy Now

Tom: C

Am
In a violent place we can call our country
Em7
There's a mixed up man
And I guess thats me.
Am
The sun's in the sky
F7M **G**
But the storm never seems to end.

Am
It's a place of sorrow but we call it a home.
Em7
And the darkest thought
Yeah, I guess they're my own
Am
There's wealth in the bank
F7M **G**
But there's nothing to show inside.

Am **Am**
It's cloudy now
E **E**
It's cloudy now
Am **Am**
It's cloudy now
E **E**
It's getting cloudy now

Am
In a special place
That I call my life
Em7
The father was cruel and he lost his wife
Am
But I don't see either
F7M **G**
Cause I live across the street

Am
It's a beautiful thing
When it starts to rain
Em7
And a man who drinks just to drown the pain,
Am **F7M**
And I can't stop from dreaming
G
There's something else.

Am **Am**
It's cloudy now
E **E**
It's cloudy now
Am **Am**
It's cloudy now
E **E**
It's getting cloudy now
It's cloudy now (x3)[The sun's in the sky, but there's storm
in the streets]
[And I can't stop dreaming of something else]
It's getting cloudy now

E **E** **Am** **Bb**
We are a fucked up generation
E
It's cloudy now
Am **Bb**
A fucked up generation
E
It's cloudy now
E **Am** **Bb**
We gotta get out of here
E
It's cloudy now
Am **Bb**
A fucked up generation
E
It's cloudy now
