

Blackfield - Cloudy Now

Tom: C

Am
In a violent place we can call our country

Em
There's a mixed up man
And I guess thats me.

Am
The sun's in the sky

F G
But the storm never seems to end.

Am
It's a place of sorrow but we call it a home.

Em
And the darkest thought
Yeah, I guess they're my own

Am
There's wealth in the bank

F G
But there's nothing to show inside.

Am Am
It's cloudy now

E E
It's cloudy now

Am Am
It's cloudy now

E E
It's getting cloudy now

Am
In a special place
That I call my life

Em
The father was cruel and he lost his wife

Am
But I don't see either

F G
Cause I live across the street

Am
It's a beautiful thing
When it starts to rain

Em
And a man who drinks just to drown the pain,

Am F
And I can't stop from dreaming

G
There's something else.

Am Am
It's cloudy now

E E
It's cloudy now

Am Am
It's cloudy now

E E
It's getting cloudy now
It's cloudy now (x3)[The sun's in the sky, but there's storm
in the streets]
[And I can't stop dreaming of something else]
It's getting cloudy now
