

Blackway - What's Up Danger (feat. Black Caviar)

tom:

Intro: **Dm**

Two thousand on thermometers

Two thousand surroundin' us

Travel two thousand kilometers to hang out with us

What's up, danger?

What's up, danger?

Dm

Didn't know they doubted us

Makes it that more marvelous

Sign 'em up 'cause ominous

Vibes and I get synonymous

Bb

What's up, danger?

Don't be a stranger

Dm

'Cause I like high chances that I might lose

I like it all on the edge just like you

Bb

I like tall buildings so I can leap off of 'em

I go hard wit' it no matter how dark it is

Gm

I'm insane but on my toes

I could keep the world balanced on my nose

Dm

I had a slumber party wit' all my foes

Now I wear them like

A badge of honor on my clothes

Bb

If I'm crazy, I'm on my own

If I'm waitin', it's on my throne

Gm

If I sound lazy, just ignore my tone

'Cause I'm always gonna

Answer when you call my phone

Dm

Like what's up, danger?

Gm

Like what's up, danger?

Bb

Don-don't be a stranger

Dm

What's up, danger?

(**Dm**)

Two hundred miles per hour wit' a blindfold on

Momma always askin': Where did I go wrong?

Bb

What's up, danger?

What's up, danger?

Dm

Traveled two hundred miles

Acordes

I'm knockin' at your door

And I don't really care

If you ain't done wrong, come on

Bb

What's up, danger?

Don't be a stranger

Dm

I like it when trouble brews

I won't dare change

I like it when there's

Turbulence on my airplanes

Bb

I like it when I sense

Things that I can't see yet

Swimmin' with sharks

When they ain't feed yet

Dm

'Cause I like high chances that I might lose

I like it all on the edge just like you

Bb

I like tall buildings so I can leap off of 'em

I go hard wit' it no matter how dark it is

Dm

Ooh

Bb

If I'm crazy, I'm on my own

If I'm waitin', it's on my throne

Dm

If I sound lazy, just ignore my tone

'Cause I'm always gonna

Answer when you call my phone

Bb

Like what's up, danger? (Danger)

Dm

Like what's up, danger? (Danger)

Gm

Can't stop me now

Dm

I said: I got you now

Bb

I'm right here at your door

I won't leave, I want more

Dm

What's up, danger?

Yeah, what's up, danger?

Gm

Can't stop me now, yeah

Dm

I said I got you now

Gm

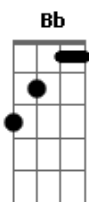

Come on, what's up, danger?

Dm

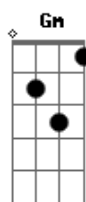

Come on, I said: What's up, danger?
