

Blanca Callahan - Catching Fire

Tom: C

F
You could be the coldest star
C
You could be a work of art
Am G
You could be a diamond undiscovered in the dark
F
You could be the mystery
C
That'll change history
Am G
You could be that buried treasure
F C
Don't be afraid to show them who you are
Am G
This is the moment you've been waiting for

Chorus:
F C
You, you're catching fire
Am
I can see it in your eyes
G F
Just a spark, it will ignite you
C
You're catching fire
Am
Like a flame inside the night
G
Light it up, you're burning bright
F C Am
You..

G
you're catching fire

C
If we just believe
Am
Then we will see
G F
There's a light meant to shine in you and me
C
Never let 'em blow it out
Am
Never let 'em put you down
G
Don't try to keep it undercover
F C
Don't be afraid to show them who you are
Am G
This is the moment you've been waiting for

F
You will never know

Until you try
C
Go, go for it

You could be surprised
Am
What you dream

Could become your life
G
In time, in time

Acordes
