

# Bleachers - Rollercoaster

Tom: **Bb**

(forma dos acordes no tom de **G** )

Capostrate na 3ª casa

**G**

It was summer when I saw your face

but like a teenage runaway

**Em**

Oh god I never thought we'd take it that far

**D**

some killer queen you are

**G**

Now I'm running and I can't stop anywhere I go

I think about it everyday and night I can't let go

**Em**

Man, I'm never the same

**D**

We were shot gun lovers I was shot gun running away

[Refrão]

**G**

So come a little closer

**C**

There was something I could tell ya

**Em**

You were such a rollercoaster

**D**

And a killer queen you are

**G**

Ro-rollercoaster, I don't say no

**C**

Ro-rollercoaster, when you don't say no

**Em**

And it's such a rollercoaster

**D**

Some killer queen you are

**G**

We took the bones out from the road

Those endless nights that we traveled we stole

**Em**

You let your clothes fall to the floor

**D**

And lit a fire while I waited for more

**G**

Now I'm running and I won't stop I don't wanna go

I think about it everyday and night I can't let go

**Em**

And hey, I'm never the same

**D**

It's a hundred miles an hour on a dirt road running away

[Refrão]

**G**

So come a little closer

**C**

There was something I could tell ya

**Em**

You were such a rollercoaster

**D**

And a killer queen you are

**G**

Rollercoaster, I don't say no

**C**

Rollercoaster, when you don't say no

**Em**

And it's such a rollercoaster

**D**

Some killer claimed it all

**G**

Come a little closer

**C**

I'm sure

**Em**

come a little closer, why don't you

**G**

come a little closer

**C**

There was something I could tell ya

**Em**

You were such a rollercoaster

**D**

Some killer queen you are

**G**

Rollercoaster, I don't say no

**C**

Rollercoaster, when you don't say no

**Em**

And it's such a rollercoaster

**D**

Some killer queen you are

**G**

Rollercoaster, I don't say no

**C**

Rollercoaster, when you don't say no

**Em**

And it's such a rollercoaster

**D**

Some killer queen you are
