

Blew Cheese - Out Of Control

tom:
Capostrate na 2ª casa

[Refrão]

I must be out of control
Out of my mind to ever believe
I could make you mine
I must be out of control
Out of my mind to ever believe
I could make you mine

[Primeira Parte]

Remember when I met you on a sunday
Had me thinking maybe one day
You were like sunshine
In my darkest time
Had me thinking that you want me
No longer feeling lonely
Had me feeling so well
But I guess I couldn't tell
Wasn't the same for you
Weren't in love with me
Couldn't see the truth
Not how it's supposed to be
I don't think you understand
I had some plans
Was gonna take your hand

[Refrão]

Must've been out of control
Out of my mind to ever believe
I could make you mine
Must've been out of control
Out of my mind to ever believe
I could make you mine

[Segunda Parte]

I remember that one day
Told you how I felt

Acordes

You looked me in my face
Put me through hell
She said I was a great man
But it wouldn't work
And that I'm gonna live a great life
But not with her
She tried to explain it
Didn't wanna hear more
She said we could stay friends
I said what for
I cared so much
But you'll never know
I guess I'll just go

[Refrão]

Must've been out of control
Out of my mind to ever believe
I could make you mine

Must've been out of control
Out of my mind to ever believe
I could make you mine

Must've been out of control
Out of my mind to ever believe
I could make you mine

Must've been out of control
Out of my mind to ever believe
I could make you mine

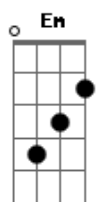

[Refrão Final]

Make you mine, make you mine
Make you mine, make you mine
Make you mine, make you mine
Make you mine, make you mine

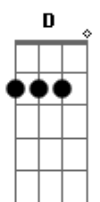

Must've been out of control
Out of my mind to ever believe
I could make you mine
