

Blind Pilot - Two Towns From Me

Tom: **D**

Remember **D** the world living in the half
Bm **G** **D**
 That you cannot see
D
 Been walking along the thinning tide
Bm **G** **D**
 And stepping in too deep
A **Bm** **G** **D**
 Watching water thread my sleeve
A **Bm** **G** **D**
 What did I pull from underneath

D
 Tie it down wait it out
Bm **G** **D**
 And hope our memories hold
D
 But that white nail driven down
Bm **G** **D**
 A hundred years ago
A **Bm** **G** **D**
 Feeling wheels on my old road
A **Bm** **G** **D**
 Feeling buff for what I sold

A
 I had a dream you were two towns from me
G **D**

Got to sleep, spent the whole night running
 (**D** **D** **Bm**) (2x)

D
 Diving gold wet their breath
Bm **G** **D**
 And live in between
D
 Hollow bones knowing both
Bm **G** **D**
 What they want and what they need
A **Bm** **G** **D**
 How I want that mystery
A **Bm** **G** **D**
 Let me dive 'til I believe

A
 I had a dream you were two towns from me
G
 Got to sleep, spent the whole night, whole night
A
 Had a dream were nothing more than
G
 Caught up in our own lives, honey

(**D** **D** **Bm**)

D (**D**) **Bm**
 End on
