

Blink 182 - Even If She Falls

Tom: **D**

Verso 1:

And their she was, like a starry night
 Like a Ferris wheel, full of blue green eyes
 And a heart of steel, always on her own
 Almost never real

Refrão:

When the night will be begin
 The pain it won't end even if she falls in love
 Fact You wanna to turn back your heart will attack
 Even if she falls in love

Verso 2:

And their she was, like a blade of ice

Like a Lonely road, clear day of life
 Always sharp and cold, always beautiful
 I am such a fool

Refrão:

When the night will be begin
 The pain it won't end even if she falls in love
 Fact You wanna to turn back your heart will attack
 Even if she falls in love

Try to look in her eyes,
 the light is just right
 Even if she falls in love

And it isn't so bad,
 It's driving you mad even if she falls in love
