Letra:

=====

I never found out why you left him
 but this answer begs that question
 too blind to see tomorrow
 too broke to beg or borrow
 young and stupid
 left wide open
 hearts are wasted

lives are broken

One more point of contention
 I need some intervention
 approached with vague intentions
 betray my short attention
 span the distance
 bridge the border
 beg forgiveness
 round the corner

Everytime I look for you the sun goes down
 and I stumble when this whole thing runs aground
 I left another message, you are never around
 but everytime I look for you the sun goes down once more
 will the last one out please shut the door

More time apart will give you
 a few more months to argue
 is this too much to live through?
 it always seemed to far to
 drive the point home
 send more letters
 pray tomorrow
 ends up better

Everytime I look for you the sun goes down
 and I stumble when this whole thing runs aground
 I left another message, you are never around
 but everytime I look for you the sun goes down once more
 will the last one out please shut the door

I never did do anything that she asked
 I never let what happened stay in the past
 I never did quite understand what she meant
 in spite of everything
 in spite of everything

Everytime I look for you the sun goes down
 and I stumble when this whole thing runs aground
 I left another message, you are never around
 but everytime I look for you the sun goes down
 and I stumble when this whole thing runs aground
 I left another message, you are never around
 but everytime I look for you the sun goes down
