=====

I never found out why you left him  
but this answer begs that question  
too blind to see tomorrow  
too broke to beg or borrow  
young and stupid  
left wide open  
hearts are wasted

lives are broken

One more point of contention  
I need some intervention  
approached with vague intentions  
betray my short attention  
span the distance  
bridge the border  
beg forgiveness  
round the corner

Everytime I look for you the sun goes down  
and I stumble when this whole thing runs aground  
I left another message, you are never around  
but everytime I look for you the sun goes down once more  
will the last one out please shut the door

More time apart will give you  
a few more months to argue  
is this too much to live through?  
it always seemed to far to  
drive the point home  
send more letters  
pray tomorrow  
ends up better

Everytime I look for you the sun goes down  
and I stumble when this whole thing runs aground  
I left another message, you are never around  
but everytime I look for you the sun goes down once more  
will the last one out please shut the door

I never did do anything that she asked  
I never let what happened stay in the past  
I never did quite understand what she meant  
in spite of everything  
in spite of everything

Everytime I look for you the sun goes down  
and I stumble when this whole thing runs aground  
I left another message, you are never around  
but everytime I look for you the sun goes down  
and I stumble when this whole thing runs aground  
I left another message, you are never around  
but everytime I look for you the sun goes down
