Letra:

=====

I never found out why you left him  
 but this answer begs that question  
 too blind to see tomorrow  
 too broke to beg or borrow  
 young and stupid  
 left wide open  
 hearts are wasted

lives are broken

One more point of contention  
 I need some intervention  
 approached with vague intentions  
 betray my short attention  
 span the distance  
 bridge the border  
 beg forgiveness  
 round the corner

Everytime I look for you the sun goes down  
 and I stumble when this whole thing runs aground  
 I left another message, you are never around  
 but everytime I look for you the sun goes down once more  
 will the last one out please shut the door

More time apart will give you  
 a few more months to argue  
 is this too much to live through?  
 it always seemed to far to  
 drive the point home  
 send more letters  
 pray tomorrow  
 ends up better

Everytime I look for you the sun goes down  
 and I stumble when this whole thing runs aground  
 I left another message, you are never around  
 but everytime I look for you the sun goes down once more  
 will the last one out please shut the door

I never did do anything that she asked  
 I never let what happened stay in the past  
 I never did quite understand what she meant  
 in spite of everything  
 in spite of everything

Everytime I look for you the sun goes down  
 and I stumble when this whole thing runs aground  
 I left another message, you are never around  
 but everytime I look for you the sun goes down  
 and I stumble when this whole thing runs aground  
 I left another message, you are never around  
 but everytime I look for you the sun goes down
