

# Blink 182 - Heaven

tom:

C

[Primeira Parte]

I don't believe that we were ever meant to be  
Left underneath the light of dying stars  
Push me off of the edge of the world  
Watch me as I slowly fall apart  
Set fire to the roof of your house  
And waited for the sirens to wail  
Left your favorite rockets to melt  
Listen as you damn me to hell

[Segunda Parte]

Well what did I think would happen?  
I wouldn't dream of asking  
You and it lived in me so long  
I lived in fear that you moved on  
What have I done to us it seems?  
I've broken trust and shattered dreams  
I only wish I'd spoken up  
Loneliness since we broke up
