**B** **Gb**  
Hello there, the angel from my nightmare  
**E** **Gb**  
The shadow in the background of the morgue  
**B** **Gb**  
The unsuspecting victim of darkness in the valley  
**E** **Gb**  
We can live like Jack and Sally if we want  
**B**  
Where you can always find me  
**Gb**  
We'll have Halloween on Christmas  
**E** **Gb**  
And in the night we'll wish this never ends  
**B**  
We'll wish this never ends

**B Db Eb Gb E** (I miss you miss you)

Where are you and I'm so sorry  
**E** **Gb**  
I cannot sleep I cannot dream tonight  
**B**  
I need somebody and always  
**Gb**  
This sick strange darkness  
**E** **Gb**  
Comes creeping on so haunting every time  
**B**

And as I stared I counted  
**Gb**  
Webs from all the spiders  
**E** **Gb**  
Catching things and eating their insides  
**B**  
Like indecision to call you  
**Gb**  
and hear your voice of treason  
**E** **Gb**  
Will you come home and stop this pain tonight  
**B**  
Stop this pain tonight

**B** **Gb**  
Don't waste your time on me you're already

The voice inside my head (miss you miss you)
