G
Hello, there
G
The angel from my nightmare
Em7 G
The shadow in the background of the morgue
G G
The unsuspecting victim of darkness in the valley
Em7 G
We can live like Jack and Sally, if we want
G
Where you can always find me
G
And we'll have Halloween on Christmas
Em7 G
And, in the night, we'll wish this never ends
G A7 G D C C

G A7 G D C C

G (pausa)
I miss you, miss you

G
Where are you?
G
And I'm so sorry
Em7 G
I cannot sleep, I cannot dream tonight
G
I need somebody and always
G
This sick, strange darkness
Em7 G
Comes creeping on, so haunting every time
G
And as I stared, I counted
G
The webs from all the spiders
Em7 G

Catching things and eating their insides
G
Like indecision to call you
G
And hear your voice of treason
Em7 G
Will you come home and stop this pain tonight?

Stop this pain tonight
