I'm not bent, I'm not cracked, I'm just broken

I watched the fire, burn the sea, I wrapped my car around a tree  
**D** **D**  
Hold me up, underneath, this heavy burden

There's a halo in the distance

Torn apart like the brokenhearted  
**Gb**  
Up in smoke with the fire we started  
**Em** **C**  
Misery loves company, I don't need anyone  
**G**

Leave me here with the fear and sorrow
