

Blouse - They Always Fly Away

tom:

G

[Primeira Parte]

Dm
Do you want to follow me indoors

A
If the elevator be my floor

Dm
There's a lonely blackbird on the telephone wire

C
He's there most days

Dm
If we don't have time for everything

A
Let's at least sit quietly with him

Dm G
Just long enough to notice when he flies away because he always flies away

[Segunda Parte]

Dm
And tomorrow everything will change

A
That's what all our teachers used to say

Dm
We don't need to wonder if the rows on our face will turn to grey

Dm
But since we know the movements of the stars

A

We know exactly where we are

Dm G
And we'll be together when the leaves are acting strange

A
We'll watch them fly away

[Ponte]

Dm
They always fly away

Dm
They always fly away

Dm
They always fly away

[Terceira Parte]

Dm
There's a mountain underneath the clouds

A
There's a heaven underneath us now

Dm
Can you make out the diamonds on the edge of the sea from where you lay

Dm
There's a blackbird sitting on a line

A
And we're all here navigating time

C Dm G A
Let's watch him long enough until he flies away... they always fly away

Dm
They always fly away
